Float on clouds with Poppy's Heavenly Pet Bed

This divine pet bed will have your mutt or moggy singing with the angels as it's like a fluffy cloud of cumulonimbus canine/cat comfort. It comes with two easy care covers and two washable inner covers. Your pet's going to adore it but you're going to love that it's fully machine washable and is resistant to the things that make us go achoo! It's dust mite and flea resistant and is a healthier and cleaner alternative to many other pet beds on the market. This comforter-style bed is 'over-filled' with exclusive 'MicroCloud', which the manufacturers say is the only reliable alternative to pure goose-down, and comes with two machine-washable, easy-care Microfibre outer covers. To reduce allergens it also has two stain-resistant, machine-washable inner covers. rrp \$89.00

The Leash that gives a little back

The Perfect Leash is made of stretchy polyurethane that has a little give for those unexpected pulling moments. Comfort grip handle is easy on hands and is in unison with the leash body. The stretch is designed not to reward pulling dogs but is more for people with musculoskeletal problems or those who would benefit walking without any unexpected jarring motions. Comes in four colour choices: yellow, black, red and blue and in a smaller size—the Healer—for close situations like agility.

Your favourite books needn't be dog-eared

Keep your books tidy with this cute set of bookends. For the dog lovers, these sturdy doggies will round up and keep books in an orderly fashion. The Pups Bookends come in three styles; Bully, the French Bulldog, Pepe, the Chihuahua and, pictured here, Scott, the Terrier. Available gift stores.

Give your pets the Platinum advantage

Get the flex back into your pets through the Re-Flex range of products. Platinum Pets Re-Flex contains a clinically proven combination of Glucosamine hydrochloride and Chondroitin sulphate, as well as a blend of vitamins and minerals to keep joints in top condition. The range comes as a powder, tasty chewable tablets or a palatable liquid, so you decide which form is right for your fur-child. Made in Australia, this range is a cost-effective and innovative solution to treat and manage joint disease. Available leading pet stores.

The products featured in this section were chosen prior to general advertising being solicited from any potential product suppliers. Hence the products reviewed were chosen without regard to advertising.

Stylish storage solutions

All pet treats and food need a good home and airtight storage. These classy counter-top bins are a modern take on a classic, vintage bins your Gran used to have. Available homeware and gift stores.

iSqueak be bowled over

Designed for the bowling dogs, these cool pins will have squeak-obsessed dogs just playing for a strike and a spare. Made from tough rubber, the iSqueak pins have some serious bounce and mega-squeaking noise. Available good pet stores and comes in small, medium and large. From \$9.95 to \$21.95

Fast-track play with the Cat Tracks play system

Touted as the toy that's in sync with instinct, this is a great way to get cats back in play. This completely expandable and changeable system comes in kit form and can easily be added to. The Cat Tracks system has a ball that can be batted and attacked but remains within the curved track structure. This is sure to be a huge hit with your kitty. Extra add-ons to the system purchased separately.

Grrr! It's the tugGRRR! toy

A controlled game of tug releases lots of healthy endorphins and your tug-buddy is going to love this furry interactive toy that dogs love to chase, grab and tug. Made from durable and loud faux fur it's machine-wash/dryable, so fur can be restored to fluffy condition over and over again. Soft nylon handles mean that you're not going to get rope burn.

BARF gets a new look but remains the same great recipe

BARF diet (bones and raw food) now comes in new and convenient packaging. This easy to refrigerate and freeze packaging is a less-mess update on the previous frozen patty packaging. Just right for people wanting to deliver a fresh meaty diet without the mess.

Fashionable bowls for furry foodies

Gorgeous ceramic food bowls for your cat or dog. These delightful bowls are sure to fit within your décor. They're dishwasher safe, easy care and contemporary in design. Available homeware and gift stores.
