**The convenience of Guardian® Complete Warming Chews make them seem more like a treat than a treatment.**

Guardian® Complete Warming Chews make worming dogs easy. They simply love the taste and think it's a treat. What dogs don't know is that it's a complete worming treatment, preventing heartworm and controlling roundworm, whipworm, hookworm and tapeworm.

**So treat your dog in more ways than one with the convenience of Guardian® Complete Warming Chews.**
